Mr. and Mrs. Elmer Tripp were hired to run the farm for the year 1934.

There are two inmates at the farm, Frank Nason and Joe Jordan, the latter being a great care.

There have been three other inmates part of the time at the farm, Ralph Walker and wife and Irving Walker.

The barn and ell were shingled, labor being paid out of the F.E.R.A. funds, and cost of material taken from fund raised for Repairs to Town Buildings.

Mr. and Mrs. Tripp have taken good care of the inmates and kept the farm clean and we recommend them for the ensuing year.

For the information of our Citizens I wish to report that three \$500.00 Bonds of the National Bond and Mortgage Co., through re-financing, were exchanged for 70% in new Bonds, for \$1,050.00 and 30% cash for \$450.00.

The Columbia Railway Gas and Electric Co. Bond for \$500.00 was called in and exchanged for a \$500.00 Bond in the Broad River Power Company. Also a 20% dividend was paid by the National Shoe & Leather Bank amounting to \$144.65. This leaves \$216.97 impounded.

Respectfully submitted,

GEO. P. PULSIFER.

Treasurer.

REPORT OF BOARD OF HEALTH AND HEALTH OFFICER

February 15, 1935

To the Citizens of Poland:

We have been most fortunate for the past year in having so few cases of contagious and infectious diseases. The following have been reported:

Chicken Pox,	8
German Measles,	10
Mumps,	3
Pink Eye,	1
Pneumonia,	2
Scarlet Fever,	1
Scarletina,	1
Whooping Cough,	12
	—
Total,	38

Permission was given for one case to be moved to their home State. I find in checking up that a number of suspected cases of scarlet fever were moved to different Towns without permission or even being reported. This is contrary to our State Laws and very dangerous. We cannot urge our citizens too strongly to report all these cases at once.

Two homes have been disinfected for scarlet fever. Over six hundred Health Certificates have been issued. In the future no Health Certificates will be required as the employer is held accountable for their employees.

Elmer Walker of South Poland and A. F. Waterhouse of West Poland were appointed as plumbing inspector and deputy, and were confirmed by the State Department for 1935.

During March free vaccination will be given to all who apply as a precaution against small pox.

We thank you all for your cooperation and ask for even a better support for 1935.

Respectfully submitted,

GEO. P. PULSIFER,

Health Officer.

REPORT OF AUDITOR

February 25, 1935.

To the Board of Selectmen,
of the Town of Poland, Maine.

Gentlemen:

We respectfully report that we have audited the accounting records of the Town of Poland for the year ended February 15, 1935.

The Treasurer's records have been audited and are certified correct. We have determined, from all available sources, that income due the Town has been properly accounted for, and all disbursements made by the Treasurer were supported by orders from the Selectmen or other proper authority. In all instances the orders were signed by two of the three Selectmen and usually by all three. Other Town funds in the custody of the Treasurer were found to be in proper order.

The Tax Collector's records were examined and the entire commitment, plus the supplementary list of taxes due and automobile excise taxes collected, have been satisfactorily accounted for.

The records of the Superintendent of Schools and Road Commissioner were examined, and were found to be in accord with the record of orders issued and the Treasurer's books. The records of the Ministerial Fund were audited and are certified correct.

Such adjustments as have been necessary were referred to the proper officials, and are properly reflected in the various final reports as submitted to us.

Respectfully submitted,

JORDAN & JORDAN,
Accountants and Auditors.

RECOMMENDATIONS OF THE SCHOOL COMMITTEE

After due consideration of necessary disbursements and probable receipts for the next fiscal year, we recommend that the town raise and appropriate the following amounts at the annual meeting.

School Fund,	\$ 13,300 00
Repairs.	1,000 00

We also recommend that the town vote to continue the Johnson Hill and Lower White Oak Hill Schools for the school year beginning next September.

Respectfully submitted,

ELMER F. WALKER,
IDA K. GRANT,
EARLE G. ROWELL,

School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the Citizens of the Town of Poland:

It is my pleasure to present for your consideration the following brief school report.

The school census which is taken annually in the month of April gave a total of 471 persons between the ages of five and twenty-one, 239 boys and 232 girls, a gain of 26 over the number reported last year.

Out of this number 364 were attending public schools last fall, 284 in the elementary schools and 80 in various High Schools. The High School students were distributed as follows:

	Sopho- Fresh-				
	Senior	Junior	more	man	Total
Mechanic Falls,	9	12	14	21	56
Edward Little,	4	5	3	5	17
Gould Academy,		2	1	1	4
Fryeburg Academy,			1	0	1
Gorham,		1			1
Hebron Academy,				1	1
	—	—	—	—	—
Totals,	13	20	19	28	80

With 13 to be graduated and probably 25 of the present eighth grade to enter next fall. We can look forward to a High School enrollment of 92 for the next school year, with an approximate cost for the fiscal year, of \$1,735 for the

spring term and \$4,410 for the fall and winter terms, a total of \$6,145.

The financial statement of the school fund shows receipts of \$16,329.81 and expenditures of \$16,252.72, leaving a balance of \$77.09.

We have expended \$1,443.69 more than was expended last year for the reasons that part of the teachers' cut in salaries has been restored, the cost of tuition has been more, and we have paid for 34 weeks of school, three more weeks than last year. The recommendation for the sum to be raised as a school fund for the next fiscal year is somewhat larger than the amount raised last March, because of two factors; the balance to be carried forward is less than last year, and the amount necessary for High School tuition will be considerably larger, as has been explained above.

You will notice that the Repair account has been overdrawn to the amount of \$192.19. This was caused by the necessity of purchasing material for E. R. A. improvements. As will be seen by the financial report, \$647.48 has been expended by the school department for this purpose. You will also notice that the amount of material purchased for each school where work was done, has been listed in detail.

The improvements made at the various schools were as follows: Minot Corner and Lower White Oak Hill, grading; South Poland, outside painting; Empire, hard wood floor; Upper White Oak Hill, new combined woodshed and toilet and windows changed so that the light comes into the schoolroom at the left and rear of the pupils; West Poland, a fine concrete retaining wall and steps, the top of the wall protected by a heavy wire fence. In addition to the above, the E. R. A. workers during the winter vacation, painted the interior of the Poland Corner School and laid hard wood floors and did other necessary work in the Bailey Hill and Herrick Valley Schools, the material for which was purchased by the town.

These E. R. A. projects have been a great benefit to the schools, and lasting improvements have been made that otherwise would not have been made for years, if ever.

The school buildings as a whole are not in very good condition and it is time to start putting them into better shape, both inside and outside. The E. R. A. work done this year, as noted above, has been a great help, but it is doubtful if it will be continued the coming year. If it is, I shall recommend that the interior of nearly every building receive two coats of paint. If it is not, some of them at least should be painted in addition to the other necessary work.

There are three new teachers the present year. Mr. Hosley at Minot Corner Grammar, Miss Drew at West Poland Primary, and Miss Frost at Bailey Hill. I feel that Poland is to be congratulated on its teaching staff, all well trained for their work and, with one exception, teachers of experience. With teachers like these it is to be expected that pupils improve in their school work, and they are doing it. All that is needed for the children to get the most out of their school life is for them to have the opportunity to attend school thirty-six weeks each year while in the grades.

In closing I wish to thank the committee, the teachers and citizens for their cooperation in making the school year one of much benefit to the pupils in your schools.

Respectfully submitted,

H. W. COBURN,
Superintendent.
